Grant Funds New Tools for Local Habitat for Humanity

A Community Connections Grant from ATMC has helped the Brunswick County Habitat for Humanity purchase new tools to use on job sites. The organization is currently in the process of completing a home for a family in Southport and the grant from ATMC has allowed the organization to purchase new safety rated ladders and replace old damaged ladders.

“Our relationship with ATMC is so important and to be able to have two nonprofits work together to better Brunswick County is really special,” commented Carlo Montagano, Executive Director for Brunswick County Habitat for Humanity. “We rely on the community for donations and we are excited that ATMC has recognized us by supporting our efforts.”

Over the last twenty years, the nonprofit has built 65 homes for families in need in Brunswick County. This year, ATMC awarded \$35,000 in grant funds to local community and non-profit organizations. For more information on ATMC grants, visit atmc.com/givingback.

Faster Broadband Speeds In the Works

Work has begun on a two-phase network improvement project that will provide over 30,000 ATMC members access to faster broadband speeds through a hybrid DOCSIS-fiber broadband network. Already, more than 6,000 customers with cable modem broadband service have had their broadband speeds doubled at no additional charge.

Additional network improvements are underway which will allow ATMC to double the speeds of their 100, 200 and 300 Mbps cable modem packages before Memorial Day. The project serves to provide an even better user experience and to help migrate customers off of DSL and VDSL services. Customers will be notified when faster speeds become available for their address. ATMC plans to make Gigabit speeds available to cable modem customers in 2022.

FOCUS Fiber Optics Available to Many in Boiling Spring Lakes

ATMC's FOCUS fiber optic network is now available to many residents and businesses located in Boiling Spring Lakes, featuring high speed internet with speeds of up to one Gigabit. The \$9 million dollar project started in late 2019 and is slated to be complete in 2021. Upon completion, it will bring high speed Internet to more than 3,000 residents.

To stay up to date on this project, or to find out if FOCUS fiber optic service is available at your address, visit iwantatmc.com. Residents and businesses in the upgraded areas can sign up for ATMC service by calling 910-755-4311.

Accepting Applications for ATMC's 2021 Grant Program

ATMC is now accepting applications for our 2021 Community and Education Grants Program. The application period will be open until February 26th. Each grant category will receive \$35,000 in funds to award to educators and nonprofits throughout Brunswick and Columbus County. Community grant funds will be awarded in the spring, and education grant funds will be awarded in the fall. Through the grant program, ATMC has awarded \$775,000 in community and education grants to 472 programs over the last 14 years.
